Presenters are responsible for registration fees** less any discount that may be awarded. Please consider the type of presentation you wish to make:

- **Oral presentation:** This may be 30 or 60 minutes. The program committee may select your presentation to be **part of a panel** in which case your presentation time may be 15, 20 or 30 minutes in length.
- **Poster presentation:** You may be accepted to give a [poster presentation](#) where you will prepare a visual presentation of your topic to be displayed on a 3' x 4' (90 x 120 cm) board during the conference. There will be 2 or 3 designated times where you will be able to orally present your topic to interested attendees.
- **Workshop** (2-3 hours): If you have a topic that is instructional in nature and deserves an extended presentation time, you may apply to offer a workshop. Workshops are priced separately from the registration fee and are generally offered at times outside the ordinary presentation schedule. Workshop presenters are not compensated but will receive a discount on their conference registration.
- **Art display:** This is a visual display of your art work related to the conference topic.

Program Title: Applying the E=MC2 theory to the NDE			
Abstract – describe presentation - 200 words or less	Fears of loss, abandonment and isolation can lead to additions, disease, and relationship difficulties. Since existence is consciousness and the physical is externalized ideas, becoming conscious harmonizes the physical. The NDE usually reveals the consciousness that there is no death, and that we are eternally safe and loved. It also can reveal that life, goodness, and harmony are eternal, and that overwhelm, hopelessness, loss, abandonment, and isolation are mistaken beliefs. This is an all-powerful healing awareness		
Objectives – List 2 to 4 learner's objectives in behavioral terms (The learner will be able to discuss, describe, ...)	<ol style="list-style-type: none"> 1. Discuss the nature and healing power of consciousness 2. Relate how the Near Death Experience may impact diseases and relationships 3. Describe aspects of consciously empowering healing 		
Outline/Topics Provide an outline of the content – must be more than a restatement of the objectives; must be related to the objectives	<ol style="list-style-type: none"> 1. Discuss the nature and healing power of consciousness <ul style="list-style-type: none"> • Consciousness of our brain & physical senses in an NDE. • Consciousness - generator of ideas that maintain peace, love, and harmony. • The perceptions of physical senses cognized by brains and ideas that protect the physical. • Consciousness - the substance of life 2. Relate how the Near Death Experience may impact diseases and relationships <ul style="list-style-type: none"> • Characteristics of the NDE • Aftereffects of the NDE • Perceptions of physical senses - reality or substance in consciousness. • Following an NDE - accessibility of harmonizing ideas needed for recovery. 3. Describe aspects of consciously empowering healing <ul style="list-style-type: none"> • Consciousness and the harmonizing ideas we need. • Humanness -consider ideas and power of consciousness. • Mistaken beliefs are separate from the physical. • Cons. knows practical, harmonizing ideas that resolve discordant situation.
